GENERAL TRADE. There were rather freer acrivals yesterday,

but without putting much spirit in the market. Corn was more active, but an increase of stock caused a decline in price. The first load of Memphis new potatoes arrived yes-terday, brought in by S. A. Hughey and ta-ken by Eckerly & Co., at \$3 50, the barrel measure. Strawberries were very plentiful and cheap, but the rain had interfered with the quality. Eggs were firmer, and in in-stances 13c was obtained. Small chickens, om medium size down to egg chippers were hard to sell, and prices for them were low; it is folly to send such microscopic creatures to market. Commeal had a little spirit and sold at \$2.20, but with no great trength; there were sales to arrive at 5
